**A. Group Readiness:** The child demonstrates appropriate physiologic regulation and an awareness of personal space and the group environment.

**Rating Scale:** 0 = Not at all; 1 = Rarely; 2 = Occasionally; 3 = Often; 4 = Usually; 5 = Always/Consistently

1. Participates in the routines of the day.
2. Separates from caregiver to join group. (May get input from bus driver).
3. Assists in self help skills.
4. Tolerates normal sensory stimulation (including auditory, visual and tactile sensory input) without distress or loss of control.
5. Spontaneously explores a variety of toys or activities.
6. Uses play materials appropriately.
7. Joins all activities, using adult support as necessary.
8. Tolerates the proximity of peers.
9. Respects personal boundaries and space of others.
10. Transitions between activities, using adult support as necessary.
11. Independently manages basic self-help skills successfully. (Dressing, feeding, toileting).
